

Job opening at the State of Michigan, Department of Health and Human Services, as the state level expert in worksite wellness - great team in downtown Lansing, Michigan, flexible schedule, competitive pay and benefits, and the chance to help create healthier workplaces across the State of Michigan! Applications will be taken through 10/8/17. Here is the official description and link:

Advanced level consultant position functions as the statewide worksite wellness specialist for the State of Michigan working with national and state departments, and statewide and local businesses on implementing worksite wellness and chronic disease prevention programs. This position serves as the state level expert in worksite wellness. The position will also develop contracts and provide guidance, consultation and training to contract agencies in the design, development and implementation of interventions to more effectively prevent and control chronic disease in the work site environment. The position will also assist in coordinating integrated Division level activities and reports, and will participate as a lead member on the Division's Work Site Wellness Committee. The position will seek and respond to funding opportunities for the section and the Division. The consultant will work with other state staff within the Division and the Department to implement statewide, regional and local prevention and disease management efforts within their program areas.
