

Latest US & International HERO Scorecard Best Practice Scores

US, Version 5

HERO Scorecard respondents receive an e-mail after they submit their responses using the online Scorecard submission system. This provides their own score and contributes to the average of all employers in the database. We update these averages on a regular basis to reflect new respondents completing the Scorecard.

The table and figures below provide information based on the 427 unique organizations that completed the US version 5.0 of the Scorecard as of June 30, 2024.

If your company is interested in benchmarking your program at greater depth, including responses against organizations of like size, industry and geographic location, you may contact one of our [Preferred Providers](#).

HERO's Research Fellow, Colleen Saringer, PhD, colleen.saringer@hero-health.org, can also be contacted to explore customized benchmark reporting. The screenshot on pages 2-3 demonstrates the depth of data available to Preferred Providers and/or through customized reporting. If you are familiar with the reports and wish to forgo reporting questions, you may submit your order directly using the [Benchmark Report Order Form](#).

Example of data available to Preferred Providers and through customized reporting

The HERO Health and Well-being Best Practices Scorecard in Collaboration with Mercer©										
		REGION				INDUSTRY				
		All respondents	West region	Midwest region	Northeast region	South region	Manufacturing - products	Higher education	Education (excl. higher ed.)	Financial services (excl. real estate)
4	Access to key components of the health and well-being initiative is extended to all segments of the workforce, including contract, union, and part-time employees									
	All segments, including non-benefits-eligible population, have access	52%	49%	52%	63%	48%	45%	51%	71%	64%
	All segments, excluding non-benefits eligible, have access	27%	31%	26%	21%	29%	24%	35%	24%	25%
	Some segments do not have access	20%	20%	21%	16%	24%	30%	14%	5%	11%
	<i>Number of respondents</i>	383	135	84	82	80	33	37	21	36
5	Dependents and family members who may access key components of health and well-being initiatives:									
	Spouses/domestic partners	75%	77%	74%	66%	81%	74%	73%	71%	72%
	Adult dependents	46%	46%	40%	46%	49%	38%	38%	57%	36%
	Child dependents	56%	63%	50%	47%	62%	53%	54%	52%	53%
	Extended family (i.e., not dependents)	14%	10%	13%	14%	19%	26%	14%	10%	17%
	None of these groups have access to any key components	25%	23%	26%	33%	19%	26%	27%	29%	28%
	<i>Number of respondents</i>	384	134	84	83	81	34	37	21	36
6	Health and well-being initiative is designed to provide support to members across the health spectrum—healthy, at risk, chronically ill, and with acute needs									
	Robust support is offered to individuals in all segments	46%	56%	36%	45%	40%	38%	31%	52%	68%
	Support is offered to all segments, but needs improvement for one or more segments	37%	27%	49%	39%	40%	35%	56%	24%	24%
	Health and well-being initiative does not currently address all segments	17%	17%	15%	16%	20%	26%	14%	24%	8%
	<i>Number of respondents</i>	384	135	84	82	80	34	36	21	37

1,000-4,999	117	50	42	42	47
5,000-19,999	84	62	56	53	59
20,000+	31	60	53	54	57
Total	421	N/A	N/A	N/A	N/A

**Each Special Best Practice Score is out of 100 points.*

International, Version 2

HERO Scorecard respondents receive an e-mail after they submit their responses using the online Scorecard submission system. This provides their own score and contributes to the average of all employers in the database. We update these averages on a regular basis to reflect new respondents completing the Scorecard.

The table and figures below provide information based on the 103 unique organizations that completed the International version 2.0 of the Scorecard as of June 30, 2024. Note that the number of International completers is greater than 103, however we are only able to present on country data when 20 companies have completed the Scorecard for a respective country.

If your company is interested in benchmarking your program at greater depth, including responses against organizations of like size, industry and geographic location, you may contact one of our [Preferred Providers](#).

HERO's Research Fellow, Colleen Saringer, PhD, colleen.saringer@hero-health.org, can also be contacted to explore customized benchmark reporting. The screenshot on page 8 demonstrates the depth of data available to Preferred Providers and/or through customized reporting. If you are familiar with the reports and wish to forgo reporting questions, you may submit your order directly using the [Benchmark Report Order Form](#).
